Northern Technology & Engineering  
Society of British Columbia

# Strategy and Work Plan

# The Purposes of NTES

- To support technical and engineering education in the northern regions of British Columbia,
- To assist students who choose to study technology and/or engineering in Northern British Columbia
- To provide similar and related services as determined by the Membership
- To campaign for more and better technical and engineering education in the North for the North

**NTES**

Northern Technology & Engineering  
Society of British Columbia

# Strategy Overview

1. Promote Engineering & Technology Careers to Students K – 12
2. Make Engineering & Technology locally available to regional students
3. Connect students with Employers to see opportunities
4. Communicate Professional Opportunities and Regional Lifestyle

# 1. Promote Careers to Students

- Work with school and post secondary counsellors
- Work with established industry support agencies
  - Northern Construction Association
  - Junior Achievement Program
  - Others?

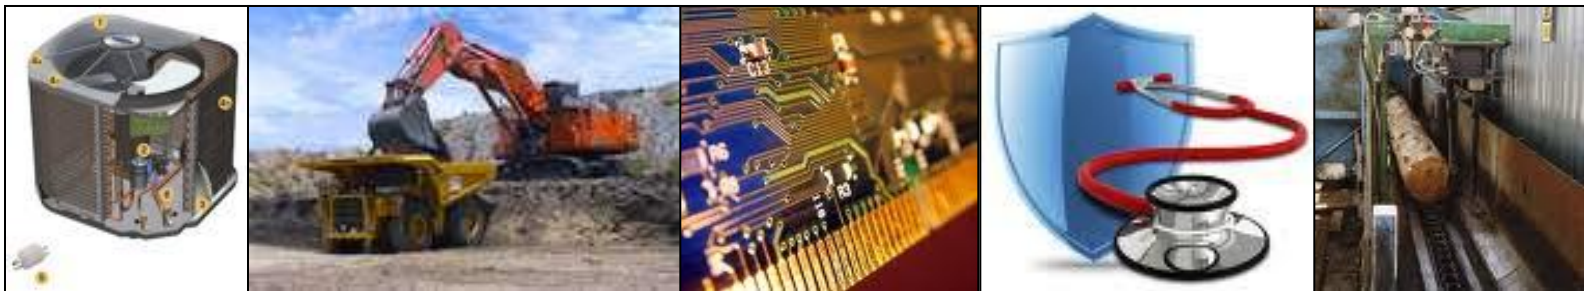

## 2. Make Engineering and Technology Programs Locally Available

- Inform Politicians of Training Needs
  - UNBC & 3 technical colleges have existing infrastructure
  - Need program development and implementation
- Keep Requirements Current
  - Collect existing info
  - Fill gaps
- Form & Maintain Alliances with Employers

# 3. Connect Students with Employers to See Opportunities

- Work with Students and Employers to Coordinate Co-op and other Programs

## 4. Communicate Professional Opportunities and Regional Lifestyle

- Prepare promotional materials and distribute to recruiters and interested professionals

# Summary

- NTES is a membership based not-for-profit society
- A work plan has been developed to support the strategic plan
- Budget & funding discussion has just begun
